Subject: Notice of File Closure for Small Mining Project, Allroc Products LLC, Allroc Pit A, S/035/018, Salt Lake County, Utah

Dear Ms. Morgan:

This letter is to notify you that the Division file, S/035/018, for the Allroc Pit A small mining project, located in Salt Lake County, Utah, will now be closed.

Allroc's quarry, located on leased property was sold to Lakeview Rock Products who purchased the site for the purpose of expanding their adjoining operation into the quarry. Since the purchase, Lakeview has moved a portion of their operation into this quarry and has included the area covered by Allroc's permit in their Notice of Intention to Conduct Large Mining Operations (LMO). By initiating operations in the former Allroc quarry and the inclusion of this area in their LMO, Lakeview has assumed reclamation responsibility for this area. Therefore, the Division is closing the small mine permit issued to Allroc Products, LLC.

You are released by the Division from further mining or reclamation responsibilities at this site. You are not required to pay the \$150.00 permit fee as requested. If you wish to conduct any future mining related activity, you will need to submit a new notice to the appropriate agency(s), pay the Division permit fee, submit adequate surety, and receive written approval(s), prior to creating any disturbance.

If you have any questions or concerns, or believe this action is in error, please contact Doug Jensen at (801) 538-5382. Thank you for your time and consideration.

Sincerely,

Susan M. White
Mining Program Coordinator
Minerals Regulatory Program
